

REGIONAL ACCOUNTS OF THE PHILIPPINES HIGHLIGHTS FOR 2024

All Economies of 18 Regions Continue to Record Positive Growths in 2024; Central Visayas was the Fastest Growing Region

All economies of 18 regions continued to record annual positive growths in 2024. Central Visayas posted the fastest growth of 7.3 percent in 2024 at Constant 2018 Prices. Caraga ranked second at 6.9 percent, followed by Central Luzon at 6.5 percent. These three regions exhibited higher growths than the national level growth rate of 5.7 percent.

Other four (4) regions with growths faster than the national level were Davao Region, 6.3 percent; Eastern Visayas, 6.2 percent; Northern Mindanao, 6.0 percent; and the newly created Negros Island Region (NIR), 5.9 percent. (Figure 1)

Figure 1. Performance of Regional Economies, Growth Rates, 2023-2024
At Constant 2018 Prices (in Percent)

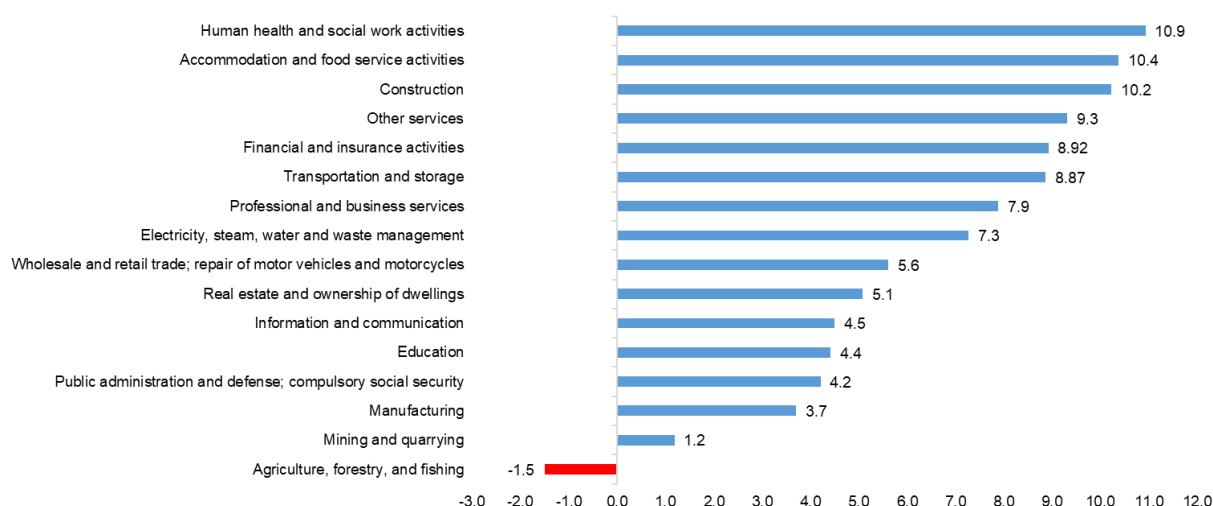

Source: Philippine Statistics Authority

At the national level, the Gross Domestic Product (GDP) grew by 5.7 percent in 2024, an acceleration from the 5.5 percent growth in 2023. The top industries with the highest growths were Human health and social work activities, 10.9 percent; Accommodation and food service activities, 10.4 percent; and Construction, 10.2 percent. (Figure 2)

Figure 2. GDP by Industry, Growth Rates, 2023-2024

At Constant 2018 Prices (in Percent)

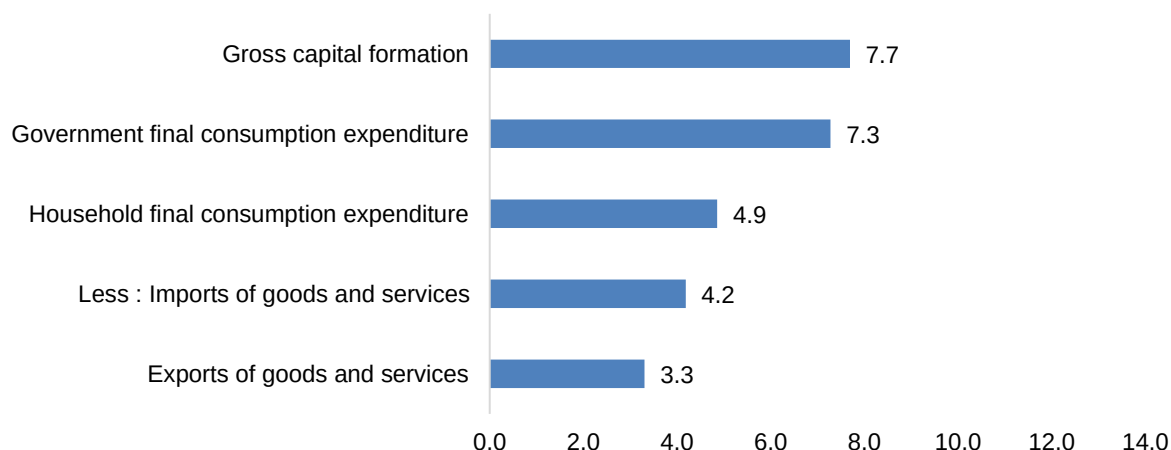

Source: Philippine Statistics Authority

At the expenditure side, the expenditure items with the highest growths were Gross capital formation, 7.7 percent; Government final consumption expenditure, 7.3 percent; and Household final consumption expenditure, 4.9 percent. (Figure 3)

Figure 3. GDP by Expenditure Item, Growth Rates, 2023-2024

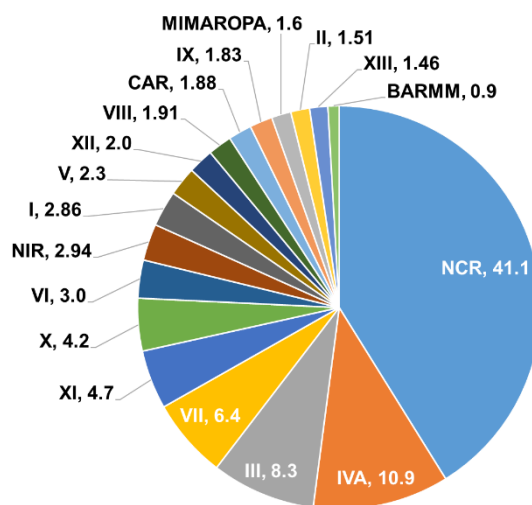

At Constant 2018 Prices (in Percent)

Source: Philippine Statistics Authority

In terms of regional performance for **Services** in 2024, the National Capital Region (NCR) registered the biggest share at 41.1 percent. This was followed by CALABARZON and Central Luzon at 10.9 percent and 8.3 percent, respectively. (Figure 4)

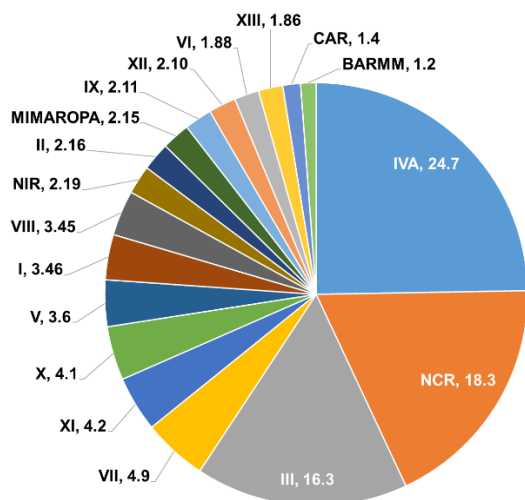

Figure 4. Share of Regional Economies to Services, At Constant 2018 Prices: 2024 (in Percent)

Source: Philippine Statistics Authority

On the share of each region to the whole **Industry**, CALABARZON constituted the largest at 24.7 percent, followed by NCR, 18.3 percent; and Central Luzon, 16.3 percent. (Figure 5)

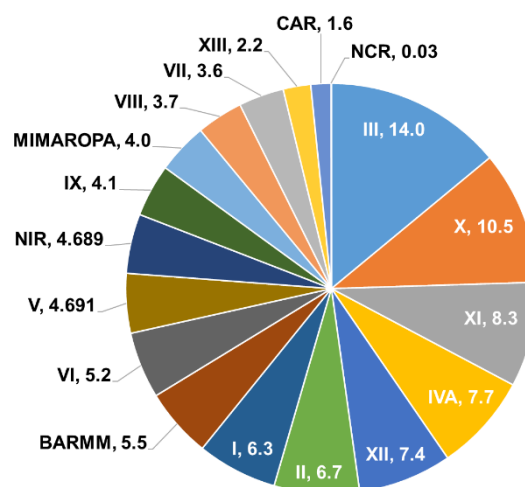

Figure 5. Share of Regional Economies to Industry, At Constant 2018 Prices: 2024 (in Percent)

Source: Philippine Statistics Authority

For **Agriculture, forestry and fishing (AFF)**, Central Luzon topped the share at 14.0 percent, followed by Northern Mindanao and Davao Region at 10.5 percent and 8.3 percent, respectively. (Figure 6)

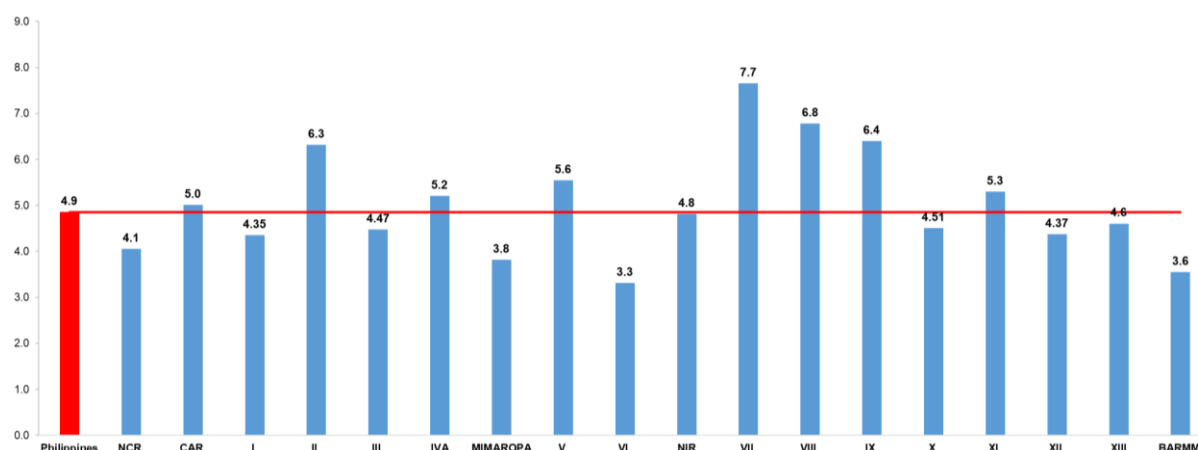

Figure 6. Share of Regional Economies to AFF, At Constant 2018 Prices: 2024 (in Percent)

Source: Philippine Statistics Authority

Household spending in 2024 increased for all regions with Central Visayas posting the highest growth rate of 7.7 percent. This was followed by Eastern Visayas, 6.8 percent; and Zamboanga Peninsula, 6.4 percent. (Figure 7)

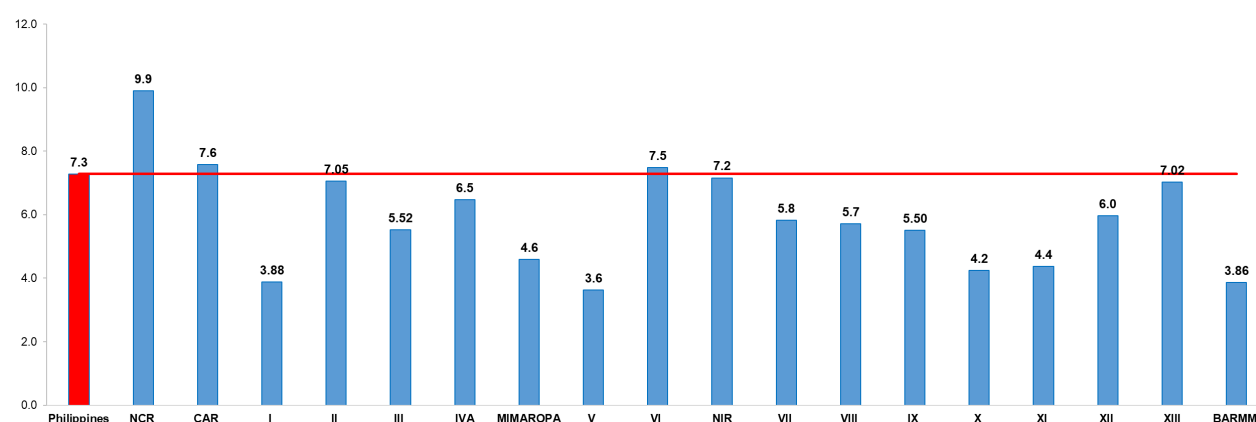

Figure 7. Household Final Consumption Expenditure, Growth Rates, 2023-2024
At Constant 2018 Prices, (in Percent)

Source: Philippine Statistics Authority

On **government spending**, NCR grew the fastest among the regions at 9.9 percent, followed by Cordillera Administrative Region (CAR) at 7.6 percent, Western Visayas at 7.5 percent, NIR at 7.2 percent, and Cagayan Valley at 7.05 percent. (Figure 8)

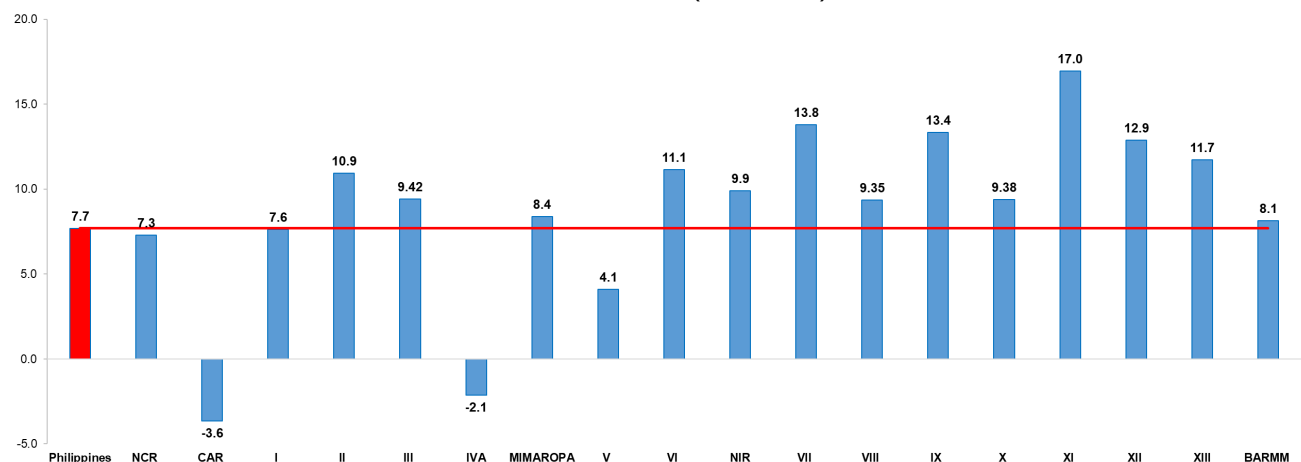

Figure 8. Government Final Consumption Expenditure, Growth Rates, 2023-2024
At Constant 2018 Prices, (in Percent)

Source: Philippine Statistics Authority

Gross Capital Formation in Davao Region posted the fastest growth of 17.0 percent, followed by Central Visayas, 13.8 percent; and Zamboanga Peninsula, 13.4 percent. (Figure 9)

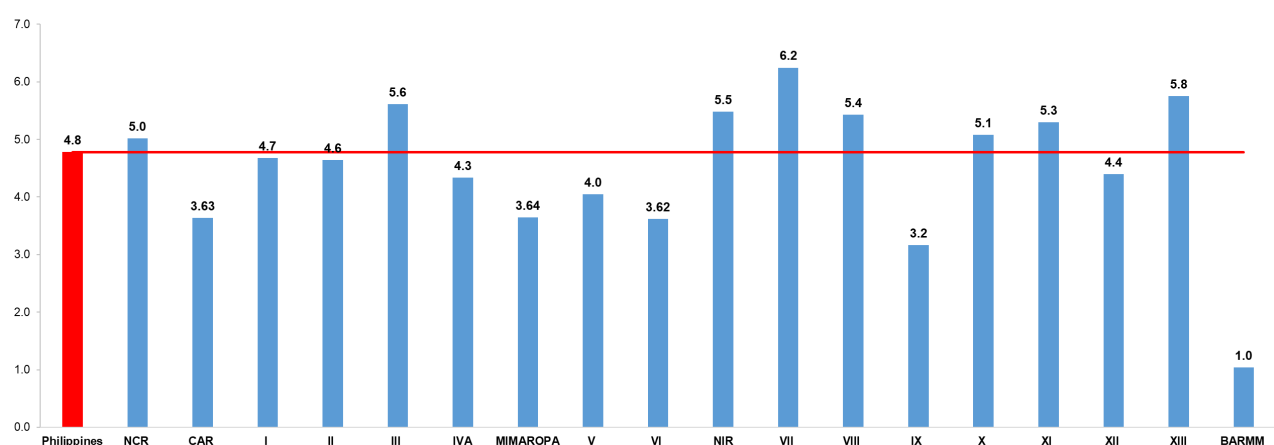

Figure 9. Gross Capital Formation, Growth Rates, 2023-2024
At Constant 2018 Prices, (in Percent)

Source: Philippine Statistics Authority

At the national level, **per capita GDP** growth rate in 2024 was registered at 4.8 percent. Central Visayas topped the regional economies with 6.2 percent per capita growth rate. This was followed by Caraga at 5.8 percent, Central Luzon at 5.6 percent, NIR at 5.5 percent, and Eastern Visayas at 5.4 percent. (Figure 10)

Highlights on the Economic Performance of Regional Economies for 2024

NCR - NATIONAL CAPITAL REGION

NCR's economy increases by 5.6 percent in 2024

The economy of NCR grew year-on-year by 5.6 percent at constant 2018 prices in 2024, faster than the 4.9 percent growth in 2023. The top three industries that recorded the fastest growth were the following: Transportation and storage, 9.4 percent; Other services, 9.2 percent; and Human health and social work activities, 8.9 percent. (Figure 11)

**Figure 11. National Capital Region, Growth Rates by Industry: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

Among the major economic sectors, Services accounted for 82.9 percent of the region's total Gross Regional Domestic Product (GRDP) in 2024. It includes Wholesale and retail trade; repair of motor vehicles and motorcycles, Transportation and storage, Accommodation and food service activities, Information and communication, Financial and insurance activities, Real estate and ownership of dwellings, Professional and business services, Public administration and defense; compulsory social security, Education, Human health and social work activities, and Other services.

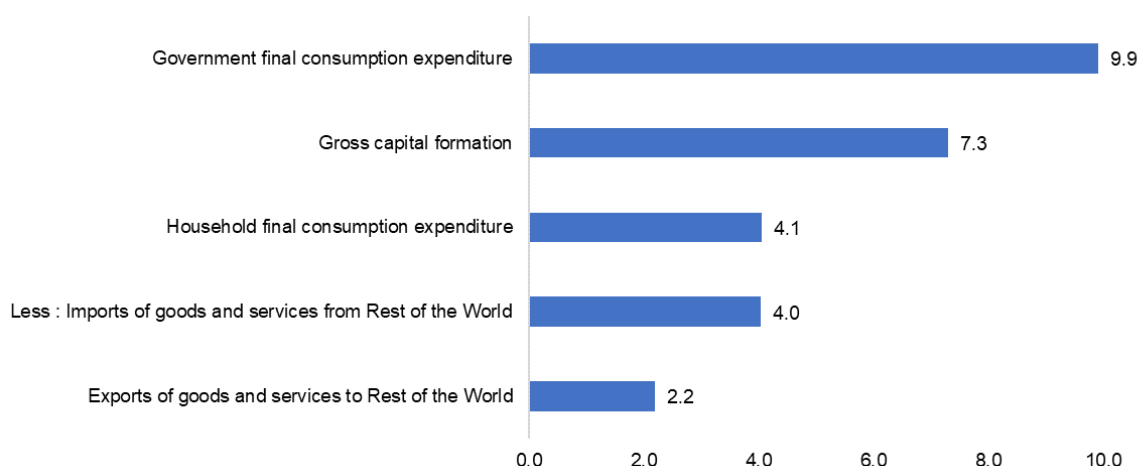

Industry shared 17.1 percent of the GRDP of NCR in 2024. The sub-industries include Mining and quarrying, Manufacturing, Electricity, steam, water and waste management, and Construction. Meanwhile, Agriculture, forestry, and fishing (AFF) shared 0.007 percent of NCR's economy.

NCR contributed 1.7 percentage points to the country's economy in 2024 at 5.7 percent and accounted for 31.2 percent share to the total Philippine Gross Domestic Product (GDP), the highest among regions.

Government spending bounces back in 2024

NCR's Government final consumption expenditure (GFCE) rebounded with a 9.9 percent annual growth in 2024 from a decline of 2.1 percent in 2023. GFCE recorded the fastest growth among the major expenditure items in 2024. This was followed by Gross capital formation, 7.3 percent; Household final consumption expenditure (HFCE), 4.1 percent; Imports of goods and services from rest of the world (ROW), 4.0 percent; and Exports of goods and services to ROW, 2.2 percent. (Figure 12)

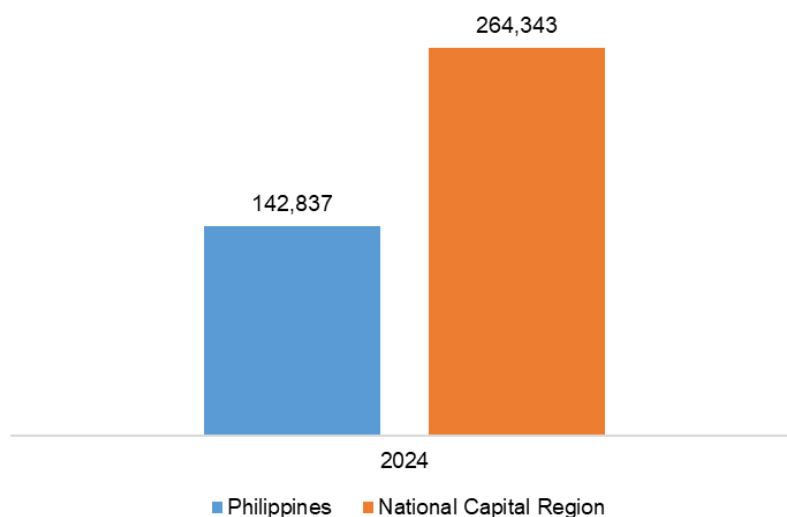

**Figure 12. National Capital Region, Growth Rates by Expenditure Item: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

The per capita HFCE of the region was recorded at PhP 264,343 in 2024, higher than the PhP 142,837 national per capita HFCE. (Figure 13)

CAR – CORDILLERA ADMINISTRATIVE REGION

Services spur CAR's economic growth in 2024

The economy of the Cordillera Administrative Region (CAR) was valued at PhP 378.26 billion in 2024. This was a 4.8 percent expansion from the region's economy valued at PhP 360.90 billion in 2023. The fastest growths were observed in Professional and business services with 12.1 percent; Other services with 10.0 percent; and Human health and social work activities with 9.9 percent. Meanwhile, Mining and quarrying; and Construction contracted by 2.1 percent and 2.7 percent, respectively. (Figure 14)

Financial and insurance activities was the main driver of CAR's economy, which contributed 1.1 percentage points. This was followed by Wholesale and retail trade; repair of motor vehicles and motorcycles with 0.9 percentage point, and Professional and business services with 0.7 percentage point.

**Figure 14. Cordillera Administrative Region, Growth Rates by Industry: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

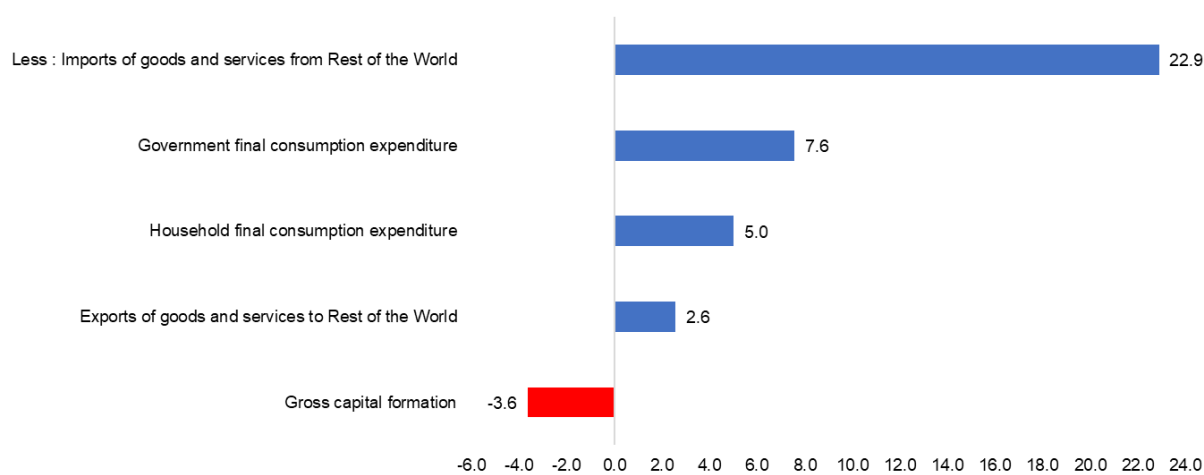

Services accounted for the majority of the region's total economy with 69.4 percent share. This was followed by Industry and AFF with 23.2 percent and 7.4 percent, respectively.

Of the 5.7 percent economic expansion of the country in 2024, CAR contributed 0.1 percentage point. Further, CAR's economy accounted for 1.7 percent of the national GDP.

Total Imports from ROW further expands in Cordillera in 2024

CAR's Imports of goods and services from ROW grew by 22.9 percent in 2024, a continuous expansion from a 24.0 percent growth recorded in 2023. This was the fastest growing expenditure item in the region followed by GFCE, which rebounded to 7.6 percent growth in 2024 from a decline of 1.3 percent in 2023, and HFCE with 5.0 percent growth. On the other hand, Gross capital formation posted a contraction of 3.6 percent during the period. (Figure 15)

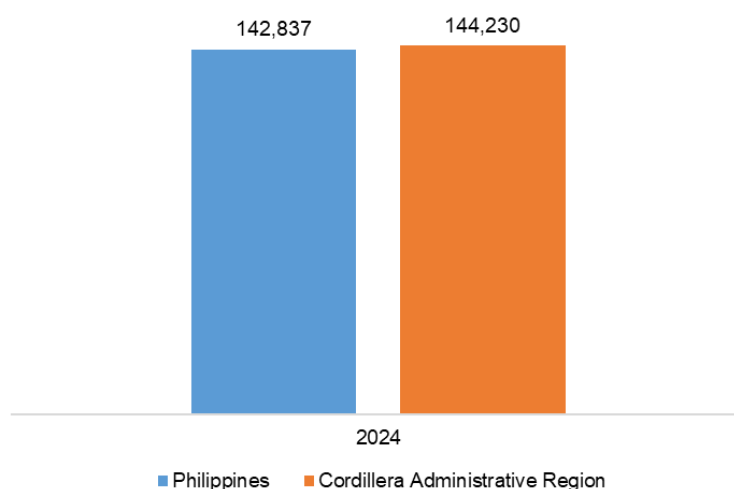

**Figure 15. Cordillera Administrative Region, Growth Rates by Expenditure Item: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

The per capita HFCE of CAR was estimated at PhP 144,230 in 2024, higher than the PhP 142,837 national per capita HFCE. (Figure 16)

REGION I – ILOCOS REGION

Ilocos Region's economy increases by 4.9 percent in 2024

The economy of Ilocos Region grew by 4.9 percent in 2024. The top three industries that recorded the fastest growth in the region were the following: Financial and insurance activities, 13.3 percent; Professional and business services, 11.6 percent; and Accommodation and food service activities, 11.1 percent. Meanwhile, AFF posted a decline of 0.6 percent in 2024. (Figure 17)

**Figure 17. Ilocos Region, Growth Rates by Industry: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

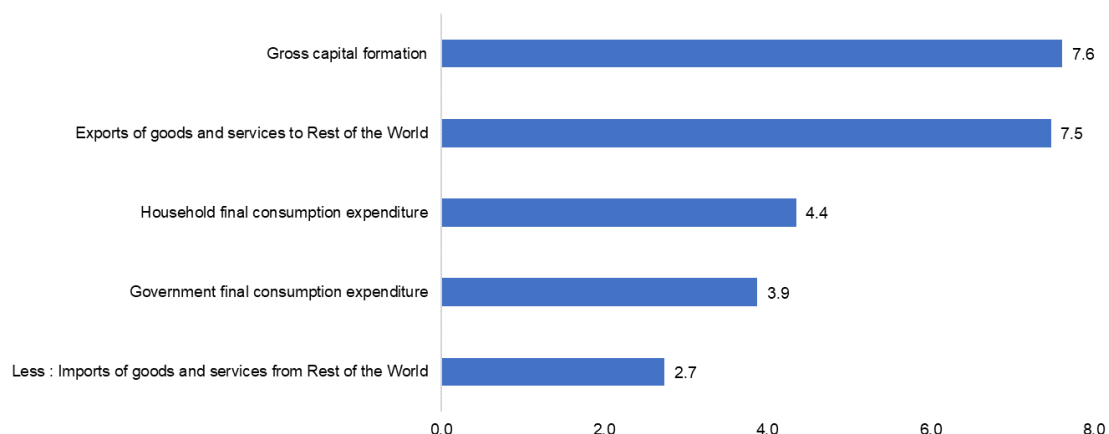

Services accounted for 54.3 percent of the region's total GRDP in 2024. This was followed by Industry with 30.4 percent and AFF with 15.2 percent.

Ilocos Region contributed 0.2 percentage point to the country's economy in 2024 at 5.7 percent and accounted for 3.3 percent of the total Philippine GDP.

Gross Capital Formation registers the fastest growth in Ilocos Region in 2024

All major expenditure items registered growths in 2024 as the Gross capital formation recorded the fastest with 7.6 percent. This was followed by Exports of goods and services to ROW with 7.5 percent; HFCE with 4.4 percent; GFCE with 3.9 percent; and Imports of goods and services from ROW with 2.7 percent. (Figure 18)

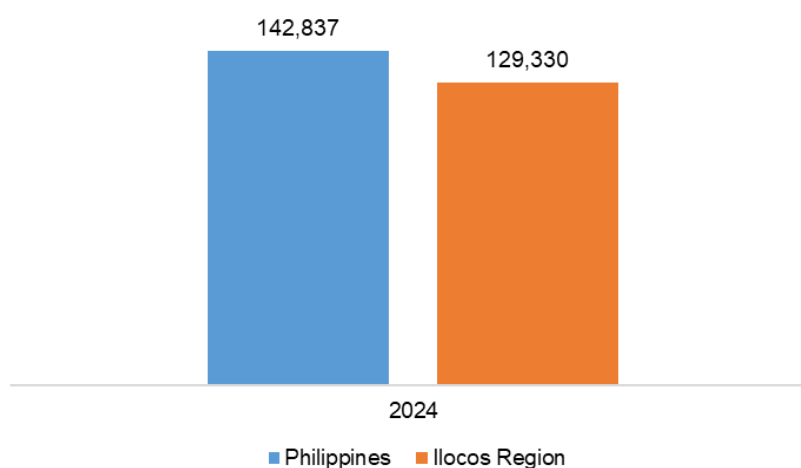

**Figure 18. Ilocos Region, Growth Rates by Expenditure Item: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

The per capita HFCE of the region was recorded at PhP 129,330 in 2024, lower than the PhP 142,837 national per capita HFCE. (Figure 19)

REGION II – CAGAYAN VALLEY

Cagayan Valley's economy grows by 5.3 percent in 2024

The economy of Cagayan Valley grew by 5.3 percent in 2024, slower than the 6.1 percent growth in 2023. The top three industries that recorded the fastest growth were the following: Construction, 16.2 percent; Professional and business services, 15.1 percent; and Human health and social work activities, 12.3 percent. Meanwhile, Mining and quarrying; and AFF posted declines of 6.9 percent and 0.8 percent, respectively. (Figure 20)

**Figure 20. Cagayan Valley, Growth Rates by Industry: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

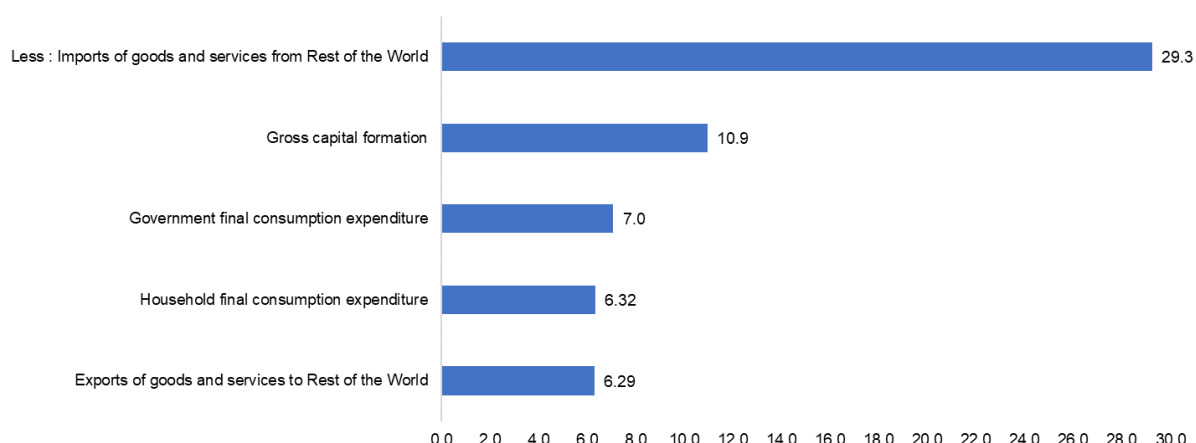

Services accounted for 45.0 percent of the region's total GRDP in 2024. This was followed by Industry with 29.7 percent share and AFF with 25.3 percent.

Cagayan Valley contributed 0.1 percentage point to the country's economy in 2024 at 5.7 percent and accounted for 2.1 percent of the total Philippine GDP.

Household spending in Cagayan Valley grows by 6.3 percent in 2024

Cagayan Valley's HFCE sustained its positive growth by posting 6.3 percent in 2024, from the 5.8 percent growth in 2023. Imports of goods and services from ROW, Gross capital formation, GFCE, and Exports of goods and services to ROW also posted growths in 2024 with 29.3 percent, 10.9 percent, 7.0 percent, and 6.3 respectively. (Figure 21)

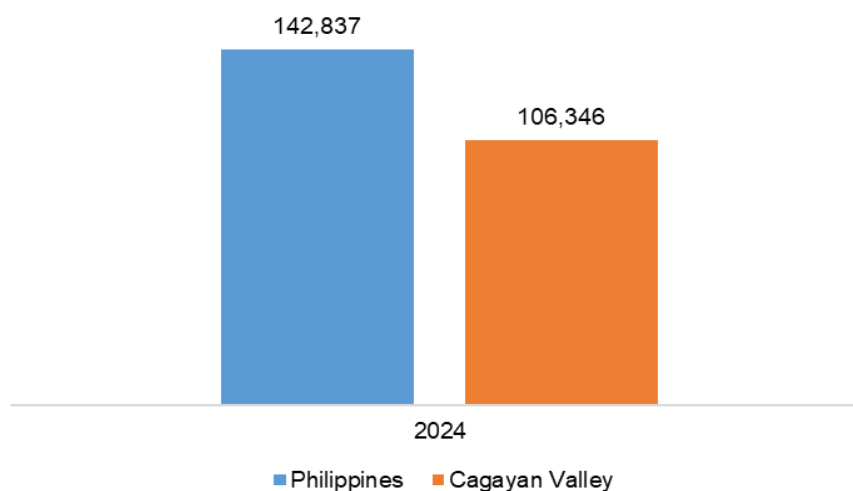

**Figure 21. Cagayan Valley, Growth Rates by Expenditure Item: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

The per capita HFCE in the Cagayan Valley was recorded at PhP 106,346 in 2024. This was lower than the national level estimated at PhP 142,837. (Figure 22)

**Figure 22. Philippines and Cagayan Valley,

REGION III – CENTRAL LUZON

Central Luzon's economy grows by 6.5 percent in 2024

The economy of Central Luzon accelerated to 6.5 percent growth in 2024 compared with the 6.1 percent growth in 2023. The top three industries that recorded the fastest growth were the following: Human health and social work activities, 14.1 percent; Construction, 13.7 percent; and Public administration and defense; compulsory social security, 11.2 percent. On the other hand, Agriculture, forestry, and fishing; and Mining and quarrying posted declines of 0.3 percent and 15.7 percent, respectively. (Figure 23)

Figure 23. Central Luzon, Growth Rates by Industry: 2023-2024
At Constant 2018 Prices, in Percent

Source: Philippine Statistics Authority

In terms of contribution to growth, Construction was the leading driver, contributing 1.6 percentage points. This was followed by Manufacturing with 1.3 percentage points, and Wholesale and retail trade; repair of motor vehicles and motorcycles with 0.9 percentage point.

Services accounted for 47.3 percent of the region's total GRDP in 2024. This was followed by Industry with 42.6 percent share. Meanwhile, AFF shared 10.1 percent of the region's economy.

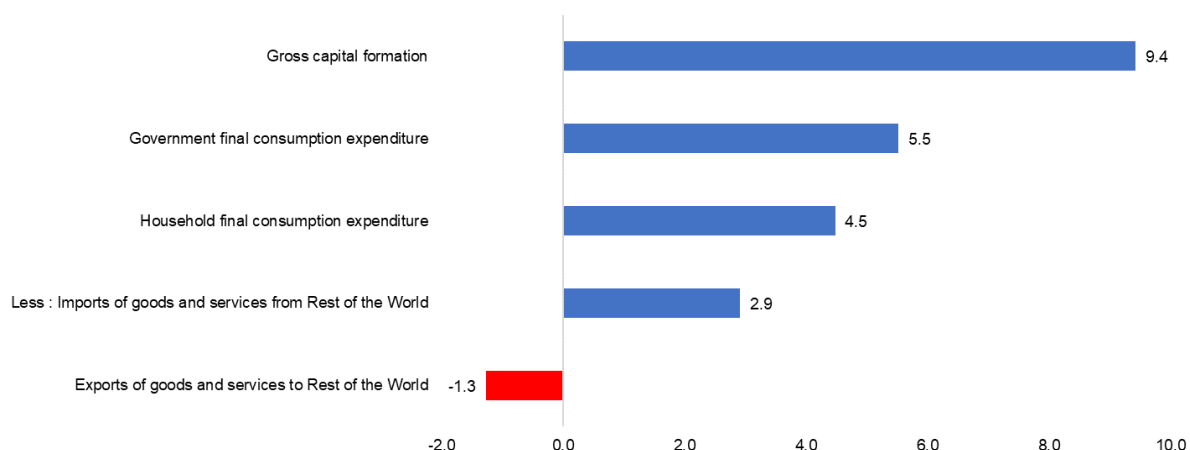

Industry grew faster by 7.3 percent in 2024 from 5.5 percent in 2023. This was attributed mainly to the double-digit growth rate in Construction.

Central Luzon contributed 0.7 percentage point to the country's economy in 2024 at 5.7 percent. It also ranked third among 18 regions in terms of share to Philippine GDP at 11.1 percent.

Central Luzon's Gross Capital Formation increases by 9.4 percent in 2024

Central Luzon's Gross capital formation recorded the fastest growth among major expenditure items with 9.4 percent in 2024. This was followed by GFCE with 5.5 percent; HFCE with 4.5 percent; and Imports of goods and services from ROW with 2.9 percent. On the other hand, Exports of goods and services to ROW declined by 1.3 percent. (Figure 24)

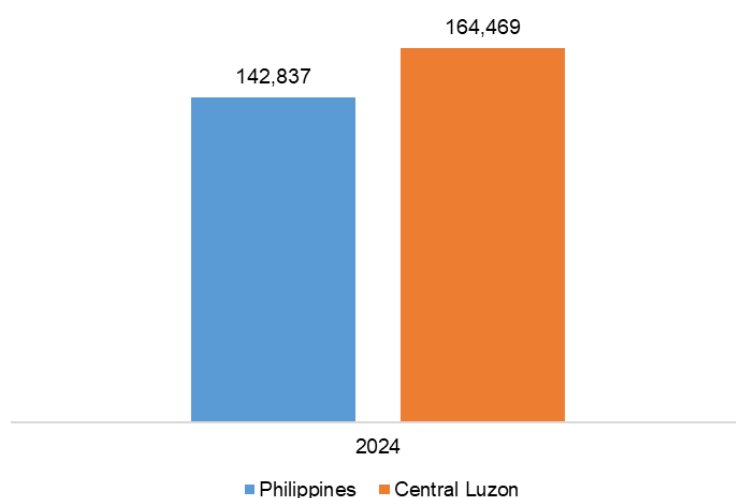

**Figure 24. Central Luzon, Growth Rates by Expenditure Item: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

The per capita HFCE in Central Luzon was estimated at PhP 164,469 which was higher than the PhP 142,837 national per capita HFCE. (Figure 25)

**Figure 25. Philippines and Central Luzon,
Per Capita Household Final Consumption Expenditure: 2024

Source: Philippine Statistics Authority

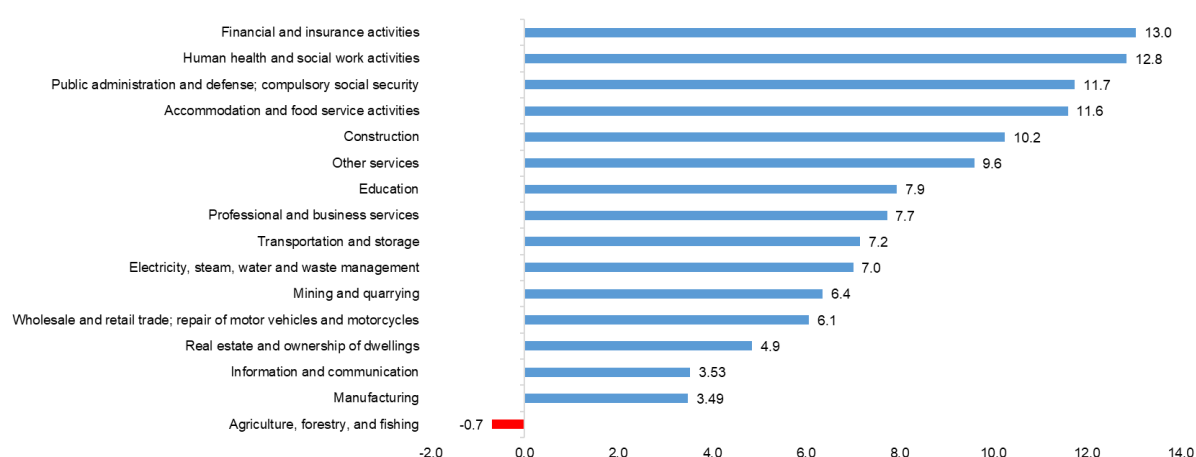

REGION IVA – CALABARZON

CALABARZON's economy expands by 5.6 percent in 2024

The economy of CALABARZON accelerated to 5.6 percent in 2024 from 5.2 percent growth in 2023. The main contributor to the expansion of CALABARZON's economy was Manufacturing, which contributed 1.5 percentage points.

The top three fastest growing industries were Financial and insurance activities with 13.0 percent; Human health and social work activities with 12.8 percent; and Public administration and defense; compulsory social security with 11.7 percent. Conversely, AFF declined by 0.7 percent, the only industry which recorded contraction in 2024. (Figure 26)

Figure 26. CALABARZON, Growth Rates by Industry: 2023-2024
At Constant 2018 Prices, in Percent

Source: Philippine Statistics Authority

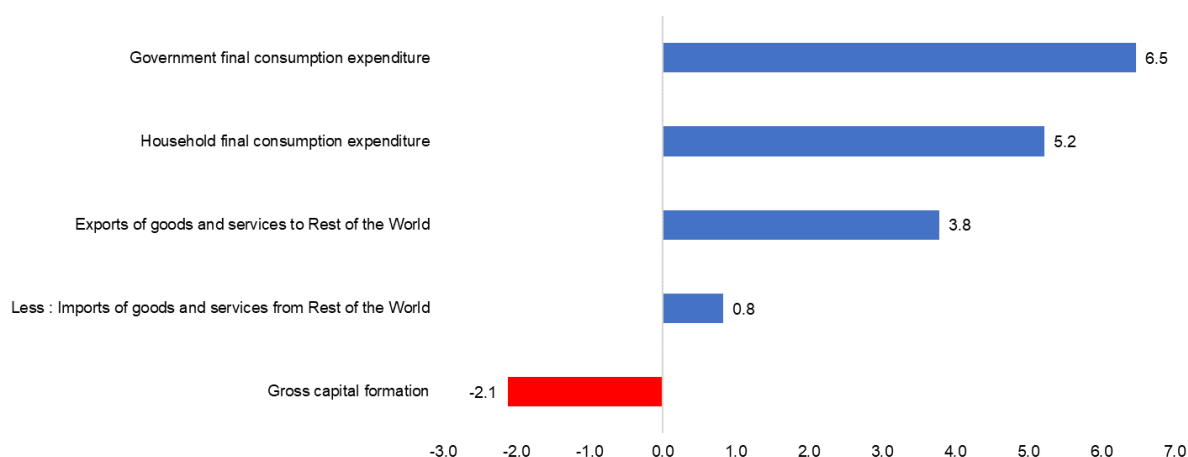

CALABARZON was the only region in the country that was predominantly industrial. Among the major economic sectors of the region, Industry had the largest share with 49.0 percent. This was followed by Services with 46.8 percent share and AFF with 4.2 percent share.

Of the 5.7 percent growth of Philippines' GDP in 2024, CALABARZON contributed 0.8 percentage point, the second highest among the 18 regions. Moreover, the region remained second in terms of share, accounting for 14.7 percent of the national GDP.

GFCE records highest growth in CALABARZON in 2024

Among the major expenditure items, GFCE recorded the highest growth of 6.5 percent in 2024. This was followed by HFCE at 5.2 percent and Exports of goods and services to ROW at 3.8 percent. On the other hand, Gross capital formation declined by 2.1 percent. (Figure 27)

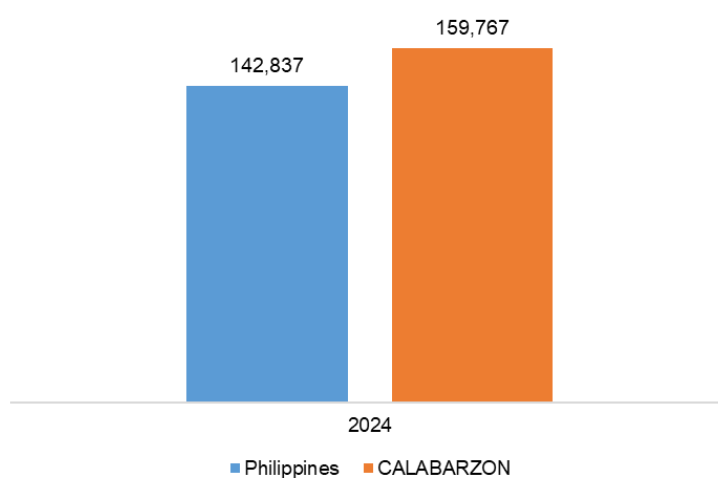

**Figure 27. CALABARZON, Growth Rates by Expenditure Item: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

The per capita HFCE in the region was estimated at PhP 159,767, which grew by 4.0 percent, from PhP 153,645 in 2023. This was higher by 11.9 percent than the national level estimated at PhP 142,837. (Figure 28)

**Figure 28. Philippines and CALABARZON,

MIMAROPA REGION

MIMAROPA Region's economy expands by 4.4 percent in 2024

The economy of MIMAROPA Region grew by 4.4 percent in 2024, slightly slower than the 4.6 percent growth in 2023. In terms of levels, the regional economy was estimated at PhP 429.38 billion, from the PhP 411.15 billion in 2023. The top three industries that recorded the fastest growth were the following: Construction, 19.1 percent; Professional and business services, 13.1 percent; and Electricity, steam, water and waste management, with 12.1 percent. Meanwhile, AFF posted a decline of 5.3 percent in 2024. Mining and quarrying continued to drop by 7.8 percent in 2024. (Figure 29)

**Figure 29. MIMAROPA Region, Growth Rates by Industry: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

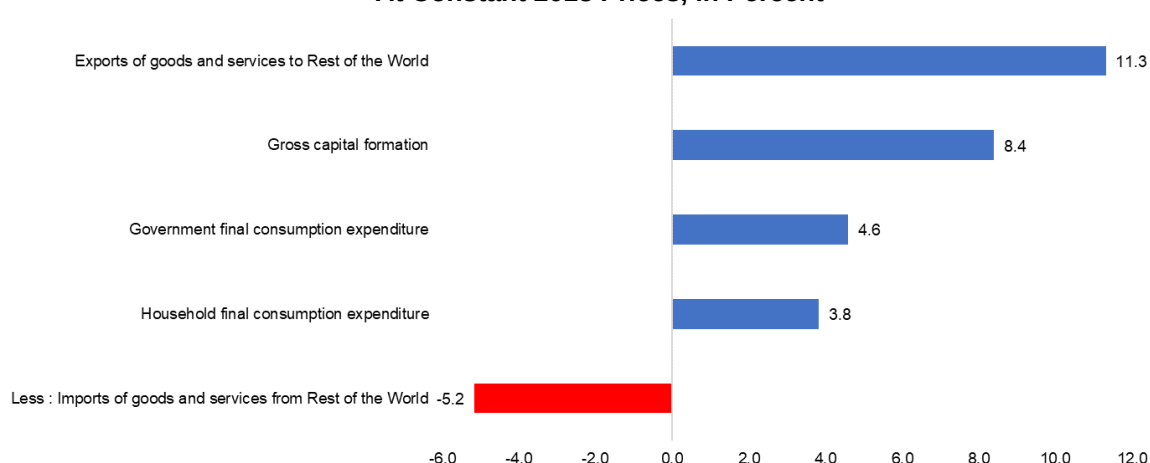

Among the 18 regions in the country, MIMAROPA Region registered the fastest growth for Transportation and storage with 11.6 percent. Additionally, the region also had the second fastest growth for Construction and Electricity, steam, water and waste management, which posted increases of 19.1 percent and 12.1 percent, respectively.

Services accounted for 51.1 percent of the region's total GRDP in 2023. This was followed by Industry with 32.4 percent share. Meanwhile, AFF shared 16.5 percent of MIMAROPA Region's economy.

MIMAROPA's Total Exports to ROW accelerates by 11.3 percent in 2024

MIMAROPA's Exports of goods and services sustained its growth by 11.3 percent in 2024, from the 37.4 percent growth in 2023. Gross capital formation, GFCE, and HFCE likewise grew in 2024 by 8.4 percent, 4.6 percent, and 3.8 percent, respectively. On the other hand, Imports of goods and services from ROW declined by 5.2 percent. (Figure 30)

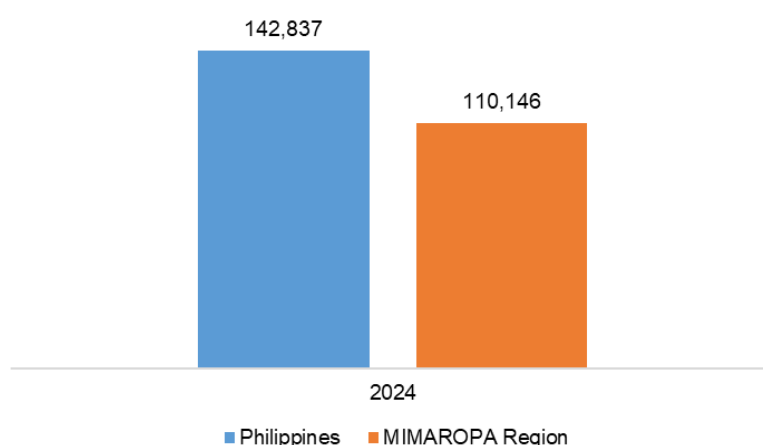

**Figure 30. MIMAROPA Region, Growth Rates by Expenditure Item: 2023-2024
At Constant 2018 Prices, in Percent**

REGION V – BICOL REGION

Bicol Region's economy accelerates to 4.9 percent in 2024

The economy of Bicol Region grew by 4.9 percent in 2024, faster than the 4.5 percent growth in 2023. The top three fastest growing industries were the following: Financial and insurance activities, 11.1 percent; Professional and business services, 10.4 percent; and Transportation and storage, 9.6 percent. Meanwhile, AFF posted a decline of 4.3 percent in 2024. (Figure 32)

**Figure 32. Bicol Region, Growth Rates by Industry: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

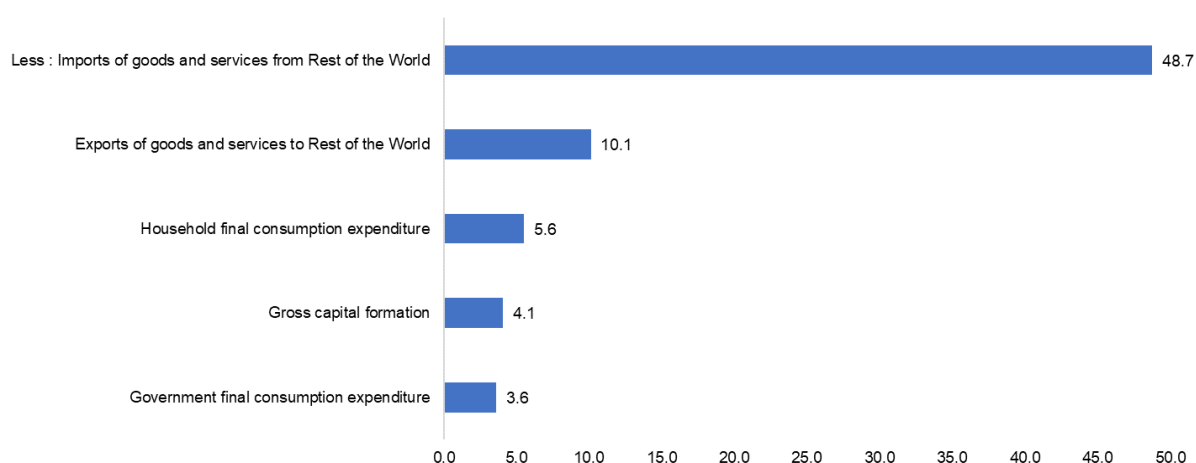

Services remained to account for the largest share in the region's economy in 2024 at 51.0 percent, followed by Industry with 36.0 percent. Meanwhile, AFF shared 13.0 percent of Bicol Region's economy.

Bicol Region contributed 0.1 percentage point to the country's economy in 2024 at 5.7 percent and accounted for 2.9 percent of the total Philippine GDP.

Bicol Region's Imports of Goods from ROW grows by 59.5 percent

By expenditure item, Imports of goods and services from ROW posted the fastest growth at 48.7 percent in 2024. This was followed by Exports of goods and services to ROW at 10.1 percent. HFCE, Gross capital formation, and GFCE also registered expansions with 5.6 percent, 4.1 percent, and 3.6 percent growth, respectively. (Figure 33)

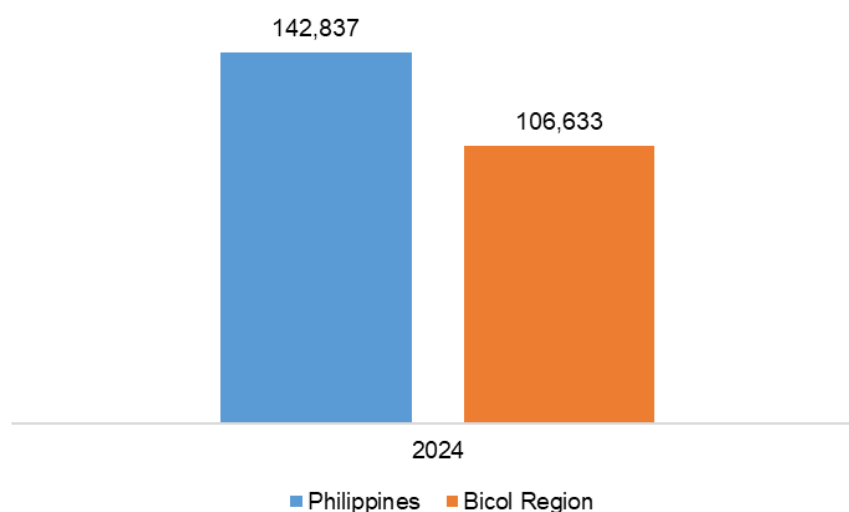

**Figure 33. Bicol Region, Growth Rates by Expenditure Item: 2023-2024

REGION VI – WESTERN VISAYAS

Western Visayas' economy grows by 4.3 percent in 2024

The economy of Western Visayas grew by 4.3 percent in 2024, slower than the 6.8 percent growth in 2023. The Western Visayas economy was valued at PhP 641.76 billion at constant 2018 prices.

The top three industries that recorded the fastest growth were the following: Professional and business services at 13.7 percent; Electricity, steam, water and waste management at 13.5 percent; and Human health and social work activities at 13.5 percent. Meanwhile, AFF posted a decline of 7.3 percent in 2024. (Figure 35)

**Figure 35. Western Visayas, Growth Rates by Industry: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

Services accounted for 66.5 percent of the region's total GRDP in 2024. This was followed by Industry with 19.0 percent share, and AFF with 14.5 percent share to the region's economy.

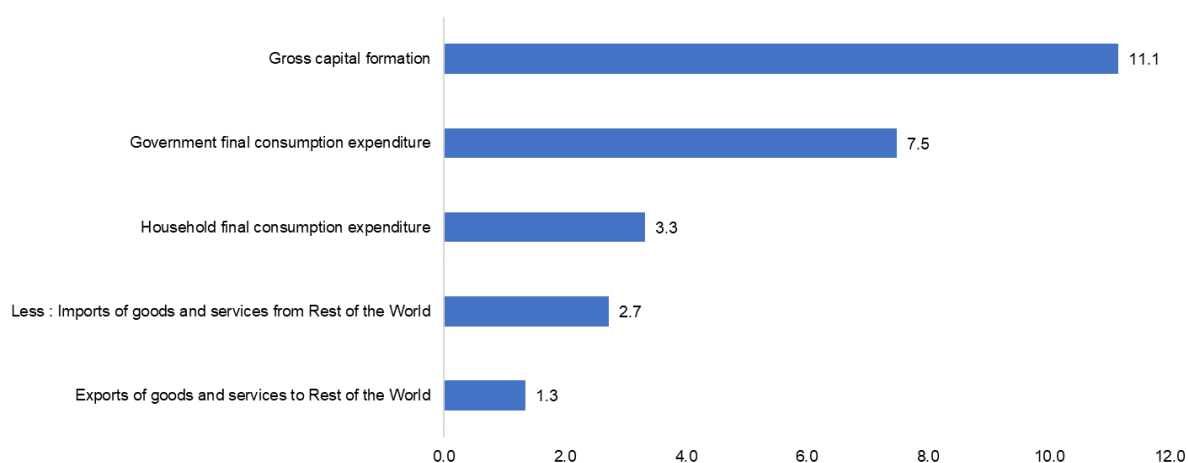

Western Visayas contributed 0.13 percentage point to the country's economy in 2024 at 5.7 percent, accounting for 2.9 percent of the total Philippine GDP.

Gross capital formation in Western Visayas grows further by 11.1 percent in 2024

Gross capital formation sustained its growth with 11.1 percent in 2024 from a 13.5 percent growth in 2023. GFCE likewise grew by 7.5 percent; Household spending or HFCE posted a 3.3 percent growth; Imports of goods and services from ROW and exports of goods and services to ROW expanded but at a slower pace, registering 2.7 percent and 1.3 percent, respectively.

(Figure 36)

NIR – NEGROS ISLAND REGION

NIR's economy increases by 5.9 percent in 2024

The economy of NIR grew by 5.9 percent in 2024, slower than the 7.8 percent growth in 2023. The top three industries that recorded the fastest growth were the following: Construction, 19.0 percent; Human health and social work activities, 12.8 percent; and Other Services, 12.1 percent. Meanwhile, AFF posted a decline of 10.3 percent in 2024. (Figure 38)

Figure 38. Negros Island Region, Growth Rates by Industry: 2023-2024

REGION VII – CENTRAL VISAYAS

Central Visayas is the country's fastest-growing regional economy in 2024

Central Visayas mirrored its 2023 economic performance with a 7.3 percent growth in 2024, the highest among 18 regional economies in the country. The top three industries that recorded the fastest expansion were the following: Accommodation and food service activities, 14.6 percent; Human health and social work activities, 11.9 percent; and Transportation and storage, 11.3 percent. Meanwhile, Mining and quarrying posted the slowest growth at 3.9 percent. (Figure 41)

Figure 41. Central Visayas, Growth Rates by Industry: 2023-2024
At Constant 2018 Prices, in Percent

Source: Philippine Statistics Authority

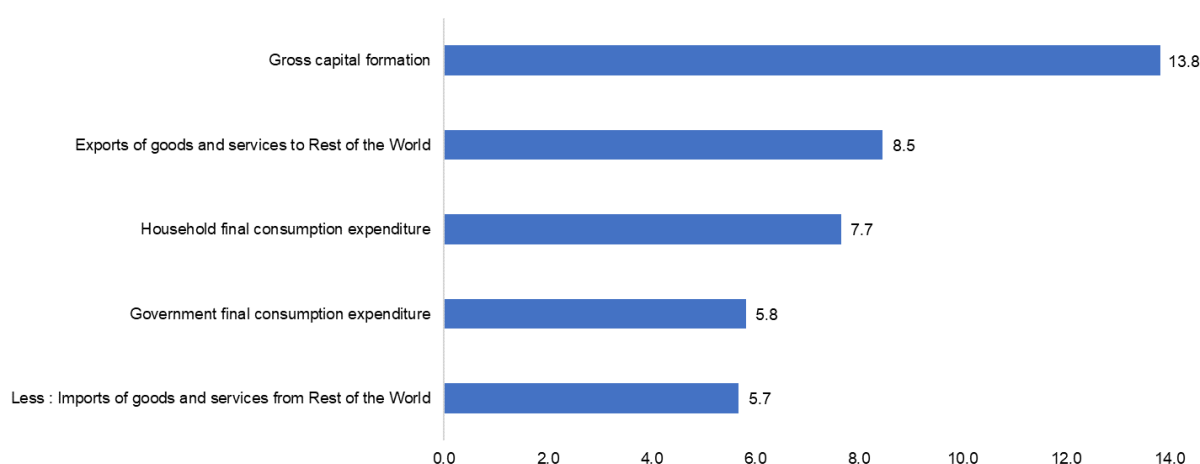

Among the three major industries, services accounted for 70.1 percent of the region's total GRDP in 2024. This was followed by Industry with 24.9 percent share. Meanwhile, AFF shared 5.0 percent of the region's economy.

Central Visayas contributed 0.4 percentage point to the country's economy in 2024 at 5.7 percent. It also accounted for 5.7 percent of the total Philippine GDP, the fourth highest after NCR, CALABARZON, and Central Luzon.

Gross Capital Formation grows the fastest in Central Visayas in 2024

In 2024, all major expenditure items posted growth. Gross capital formation had the fastest growth with 13.8 percent. This was followed by Exports of goods and services to ROW with 8.5 percent growth and HFCE with 7.7 percent. (Figure 42)

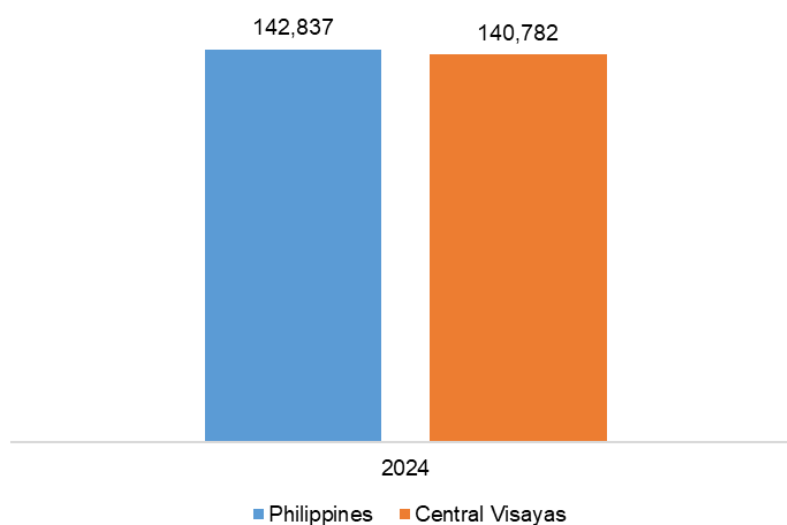

**Figure 42. Central Visayas, Growth Rates by Expenditure Item: 2023-2024
At Constant 2018 Prices, in Percent**

Source: Philippine Statistics Authority

The per capita HFCE of the region was recorded at PhP 140,782 in 2024. This was around PhP 2,000 lower than the national level estimated at PhP 142,837. (Figure 43)
